

INTERNSHIP ADVERT

WWF International expanded its global **Youth Engagement Programme** for 18–30-year-olds in 2024. The Programme, which provides volunteering, internships, grassroots leadership training and virtual mentorship opportunities, aims to inspire a new generation of environmental advocates and leaders, especially young women, in their countries and communities to actively contribute to youth and community-led conservation and help drive positive change.

Position Type:	Internship
Position Title:	Agriculture and Food Systems Intern
Reports to:	Project Manager
Supervises:	None
Location:	Kagadi WWF Field Office
Duration:	12 months
Eligibility:	18-30 years.
Date:	October 2025
Remuneration	Paid internship

WWF is an independent conservation organisation, striving to sustain the natural world for the benefit of people and wildlife. From individuals and communities to business and government, we are part of a growing coalition calling on world leaders to set nature on the path to recovery by 2030. Together, we seek to protect and restore natural habitats, stop the mass extinction of wildlife, and make the way we produce and consume sustainable

1. MISSION OF THE DEPARTMENT

WWF Uganda as part of the WWF Network strives to ensure that people live in harmony with nature. In line with the country's vision 2040 and our own organisational country strategic plan, we focus on ensuring a low carbon development pathway that brings benefits to local communities.

The Forests and Biodiversity program strives to ensure that forest landscapes are restored and they provide the ecosystem goods and services to the communities and local population; while ensuring respect for human rights and conservation that will spur development in the country.

2. MAJOR FUNCTIONS

The intern will work together with the Project team to incorporate sustainable food system approaches within the general implementation framework for specific projects.

3. MAJOR DUTIES AND RESPONSIBILITIES

- Undertake economic analysis of agricultural interventions to demonstrate their profitability and contribution towards the overall conservation objectives and agenda of WWF.
- Provide technical knowledge and advice on agricultural practices and components that yield best results in line with the organization's ambitions of a 'low carbon development pathway.'
- Prepare activity concept notes and reports.
- Work with the project team to review reports and provide feedback.
- Participate in project field activities and collaboration with partners; generating learnings that can be incorporated into the project.

4. PROFILE

Required qualifications:

- Bachelor's degree in Agriculture, Agricultural Land use & Management, Agriculture and Rural Innovation; Agricultural Economics, Forestry, Agroforestry, or any related field.
- 0- 2 years of experience post-graduation.

Required Skills and Competencies:

- Good computer skills and proficiency in Microsoft office applications.
- A willing and quick learner with a desire for knowledge and skill acquisition.
- Basic knowledge and skills in data analysis and report writing.
- Comfortable working and engaging with rural community members.
- Able to work within teams, with an innovative mindset to spur action
- Fluency in Runyakitara is an added advantage.
- Identifies and aligns with the core values of the WWF organisation: Courage, Integrity, Respect & Collaboration.

5. WORKING RELATIONSHIPS

Internal.

- You will work closely with the WWF Uganda staff, both in the operational and technical teams to deliver project objectives.

External.

- In consultation with the Project team, you will liaise with the project partners and stakeholders on aspects of program implementation.
